

DISTO D8

Leica DISTO™ D8

Can it transfer data simply?

With the Leica DISTO™ D8 measuring does not end with displaying the results. The data can be electronically transferred to a Pocket PC or Laptop for immediate processing in Excel®, AutoCAD® or other programs.

- Digital Pointfinder with 4x zoom
- Large colour display screen (2.4 inches)
- 360° Inclination measurement
- BLUETOOTH® - reliable data transfer
- DISTO transfer software and AutoCAD® plug-in included
- Min. / max. measurement
- Continuous measurement
- Addition / subtraction
- Area/volume measurements

TECHNICAL DATA

Measuring accuracy typ	±1.0 mm
Range	0.05 to 200 m
Distance in m	10, 50, 100 m
Ø laser-spot in mm	6, 30, 60 mm
Tilt sensor - measurement range	360°
Accuracy to laser beam	0.1°/+2.0°
Accuracy to housing	±0.1°
Units in tilt sensor	0.0°, 0.00%, mm/m, in/ft

SUPPLIED WITH

Holster, wrist strap, battery pack, Leica DISTO™ Transfer software
