

FT 1300-2

Trades and Tasks

- Temperature of liquid construction materials like asphalt
- Isolation control
- Measurements in the HVAC branch
- Energy supply
- Laboratory and industrial applications

- Professional Type K thermometer with dual input. Fast response and laboratory accuracy.

TECHNICAL DATA	
Sampling rate	2,5x per second
Accuracy	(+/-0,5% +/-1°C) Resolution 0,1° or 1°
Temperature range	-50 - 1300°C (-58 - 2000°F)
Measuring units	°C, °F, K
Max Hold and Data Hold	yes
Large display (45 mm) with backlight	yes
Dual input 2 individual measurements (T1, T2)	yes
Scan Function (T1, T2, T1-T2, Max, HCl)	yes
Dimensions	162 x 76 x 39 mm
Weight	0,21 kg
